

Engage Your LeaderSpeak

Unleash the wisdom within yourself

- Enhance your leadership skills with W.O.W. Power- a four part tool kit
- Experience how the art of powerful conversations can transform relationships
- Integrate your inner wisdom into conversations
- Learn how actively listening and using powerful questioning drives results

You will learn the art of transformational conversations through skill building and hands-on assignments and challenges during the 3 month program.

This custom program is generally delivered in one 4-hour module followed by 2-hour in-class modules offered bi-weekly. It is designed to accommodate the busy Manager/Leader and is based on the needs of your organization.

LeaderSpeak includes follow-up coaching with the Tri-namics System™ to support and encourage application to your work.

Kirsten Hansen and Debbie Payne are seasoned, professional learning facilitators with an engaging interactive style. They use a fun theme, and foster important conversations to stimulate leadership growth.

Maximize your leadership potential in 3 months!
